

*The Exciting
World of
ACCESS
Software*

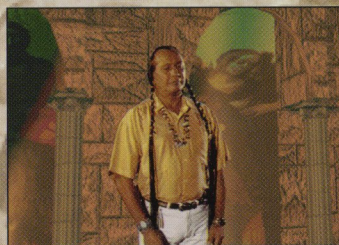

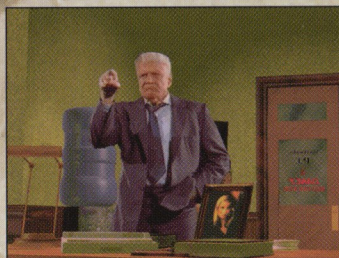

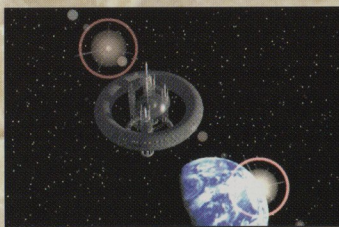

1 9 9 5 C A T A L O G

Two years and \$2.5 million dollars in the making, ACCESS' *Under a Killing Moon* is simply the biggest and best entertainment CD product ever produced! Over 2.4 gigabytes of interactive fun!

Enter the Virtual World of *Under a Killing Moon*, where it is December, 2042 and you, as Tex Murphy, must stop the forces of evil before they destroy mankind and rob you of your next unemployment check. This thrilling and hilarious adventure is unlike anything you've seen before.

In this Virtual World you are free to explore every nook and cranny of a room. You can crawl under desks, open drawers, or look closely at something on the floor. You can look up or down, or turn quickly to see if anyone is behind you. The graphics quality, the fascinating, believable characters, and complete freedom of movement will make you feel like you've actually walked through the screen and become the main character in a rich, intriguing mystery movie.

UNDER A Killing Moon

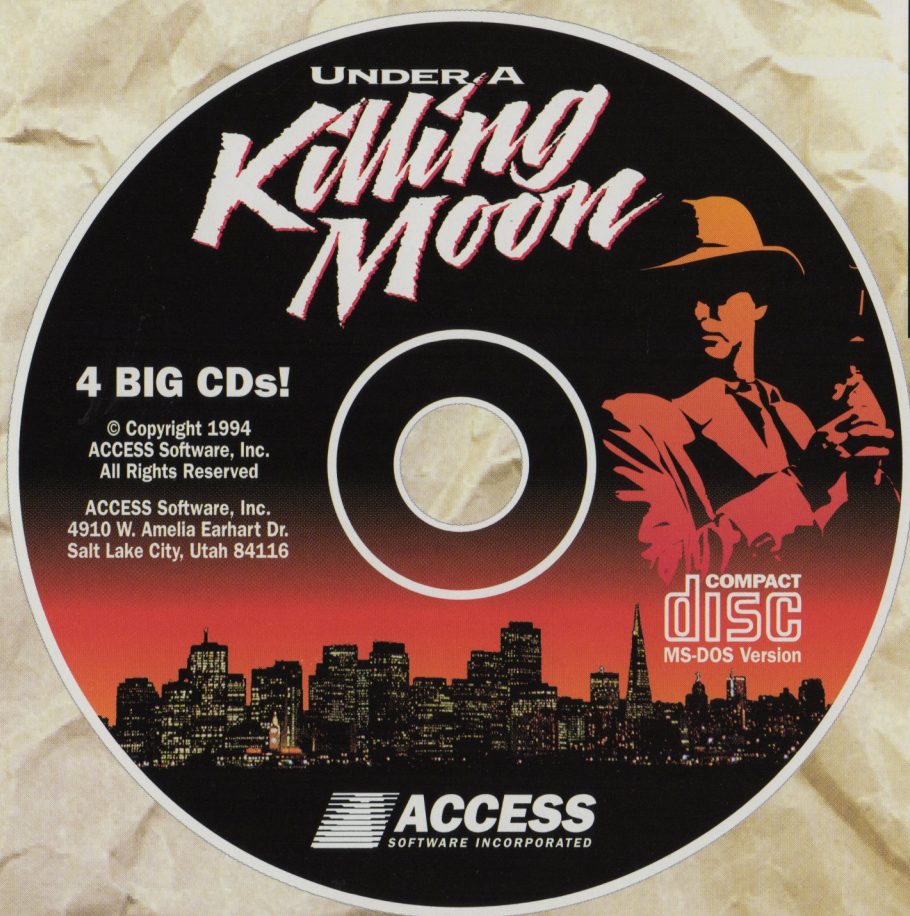

Access Software's *Under a Killing Moon* features:

- Four CDs of unparalleled graphics and sound.
- Full freedom of movement, explore where, when and what you want!
- Be part of an exciting comedy thriller!
- Top-notch Hollywood talent includes Brian Keith (*Hardcastle & McCormick*, *The Parent Trap*, *The Wind and the Lion*, etc.), Margot Kidder (*Superman I, II, III*, etc.), Russell Means (*The Last of the Mohicans*, *Natural Born Killers*, etc.), and featuring the voice of James Earl Jones (*Star Wars*, *Sandlot*, *Field of Dreams*, etc.)!
- Extensive built-in hints.
- An interface that makes interaction intuitive and simple.
- Full fidelity 16 bit 22Khz sound.

"Under a Killing Moon sets a remarkable new standard for graphic adventures, and in my mind, at least, puts an end to the quest for the interactive movie."

—Vince Broady,

Championship Golf at Your Fingertips!

ACCESS' award winning **LINKS 386 Pro** has now been updated to CD and enhanced to bring you even greater desktop golf satisfaction. Our powerful LINKS 386 engine bundled with two great world class golf courses—**Harbour Town Golf Links** and **Banff Springs**—will provide you hours of golfing pleasure right in your home or office. Enhanced with awesome real time aerial view fly-bys of each hole, new digital sounds, new search routines for finding your courses, and even a standup comedian to be your caddy!

LINKS 386 CD

The World's Greatest Golf Game Enhanced for CD!

NEW! Digital Sound and a Comic Caddy

LINKS 386 CD has an entirely new sound system to bring the presence and clarity of digital sound to your PC sound system. The comments are clear, the music crisp and the experience complete.

With the new sound system we added some comic relief. We've called upon the immense talents of Bobcat Goldthwait, nationally recognized comedian, to be your personal caddy. There are two Bobcat sound files to choose from, depending on the level of needling you can stand!

New additional game sound files are also available.

Your Course Collection Enhanced

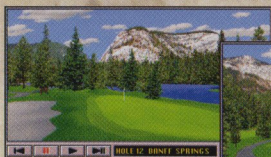

Our collection of championship courses makes **LINKS 386** a true golf challenge. With a new course catalog system, your favorite Links Championship Courses are all playable with **LINKS 386 CD** but the fly-bys are only available on the CD version of the course. Play such courses as **Prairie Dunes**, **Mauna Kea**, **Castle Pines**, **Bighorn** and many others. Look for new CD versions of the courses soon!

It's a beautiful Spring morning as you prepare to tee off. You select your #1 driver...take a practice swing...adjust your stance...and drive one right down the middle for 290 yards. As you approach your second shot, you notice every detail of your surroundings...the chirping of the birds...the location of each tree...the contour of each hill and slope...

A day on your favorite course? Not quite, but it's the next best thing. LINKS 386 Pro is a totally realistic golf simulator that's a quantum leap ahead of any computer golf game you've ever seen.

This 256-color, true-to-life golf game gives you unprecedented 3D graphics...so realistic—so advanced—you'll think you're on the course.

LINKS 386 Pro, featuring South Carolina's Harbour Town Golf Links, is the first golf simulator specifically designed for the graphics capabilities and computing power of your personal 386/486 computer system.

- **Format: 3.5" High Density Disks and CD-ROM (Call for availability)**
- **Works with any version of LINKS or Microsoft Golf**

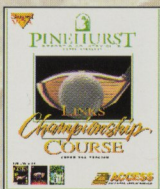

The only thing worthy of the best golf games on the planet would be the best golf courses on the planet—**LINKS Championship Courses!** The ACCESS Design Team has reproduced some of the world's finest golf courses so you can play them on your computer anytime, day or night, year round! These courses can be played on all versions of LINKS, including the original LINKS—The Challenge of Golf, LINKS 386 Pro, all versions of Microsoft Golf, and the new LINKS 386 CD. More new courses are coming every few months!

Pebble Beach Golf Links™ is located on the Monterey Peninsula in California and perhaps nowhere on earth do the elements of a great golf experience combine as they do at Pebble Beach. Voted the most preferred course by LINKS owners, Pebble Beach Golf Links has been home to nine national championships and is now the host of the *AT&T Pebble Beach National Pro-Am™*. Simply a gorgeous seaside course!

Banff Springs in Alberta, Canada is an almost indescribably beautiful setting for golf. Over a mile high in the splendor of the Canadian Rockies, Banff is nature at its best—unspoiled and virtually untouched. Designed in 1928 by Stanley Thompson, Banff features a course which rolls gently along the Bow River under snow-capped mountains. Its most famous hole is the picturesque "Devil's Cauldron."

The "Greatest Golf Game on the Planet" Just Got Better — Now It's Macintosh!*

Now Available for Macintosh

The most realistic and popular golf program ever made has now been enhanced for the Macintosh! Links Pro Macintosh takes full advantage of your Mac's graphics capability. Play the exciting Harbour Town Golf Links in breathtaking detail. Authentic digitized golf sounds completely immerse you in the game. Your friends won't believe that your computer could look so good or be so entertaining!

Like Having a Caddie...

If you have a Macintosh with A/V capability or a Power Macintosh, you can now play golf with voice recognition. Select your clubs and select your shot type (Draw, straight, fade, chip, etc.) all with the ease of voice selection. Even set up a practice shot just by asking for it! Speech recognition adds another dimension to the "greatest golf simulation on the planet".

Native Power PC Compatible.

Have a Power Macintosh? You'll see lightning fast performance. LINKS Pro Macintosh automatically senses if your computer is a Power Macintosh. If so, the NATIVE POWER PC code is selected and it zooms. Don't have a Power PC? Not to worry. LINKS Pro Macintosh is written in assembly code to maximize performance. With Macintosh graphics, the program generally runs faster than on an equivalent speed MS-DOS machine!

Play Across a Network...

If you're connected to an Appletalk based network, you can even play golf with up to seven other players, wherever they are locally, on a modem or across the world. Take a few minutes at lunch time and play golf with your friends!

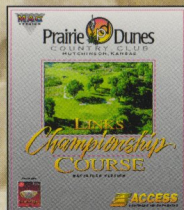

...Or Save Your Game for Replay!

Record your game and play against yourself later. Share games with other "LINKSTERS" and play against them stroke for stroke. It's almost like having them with you!

World-class Courses on Your Desktop.

ACCESS Software has a lineup of add-on golf courses for LINKS Pro Macintosh. Play the world-famous **Pebble Beach Golf Links™** on the Monterey Peninsula, CA, **Firestone** of Akron, OH, **Bighorn** of Bountiful, UT, or **Prairie Dunes Country Club** of Topeka, Kansas. ACCESS Software is planning to release a new course about every eight weeks. Each course is replicated in painstaking detail. The trees, fairways, greens and traps are exactly where they were on the day our Links Design Team visited the course.

Other LINKS Championship Courses scheduled for conversion to Macintosh format include **Mauna Kea** of Hawaii, **Banff Springs** of Canada, **The Belfry** in England, **Barton Creek** of Austin, TX, **Innisbrook** of Tarpon Springs, FL, and **Castle Pines Golf Club** in Colorado. Be watching!
